compact and assertive SUV

With its powerful front end panel, an esprit Alpine trim with an iconic sports design, new Renault Captur E-Tech full hybrid is very much the embodiment of a compact SUV. With generous interior space, an openR link multimedia system with Google built-in and 18 advanced driver-assistance systems, it stands out in every respect.

Enjoy the thrill of electric driving with the 145 hp full hybrid E-Tech engine.

145hp E-Tech full hybrid engine	up to 630 miles of range ⁽¹⁾	Up to 616 litres ⁽²⁾ of boot volume ⁽³⁾ with rear seats forward
openR link system with Google built-in	biosourced ⁽⁴⁾ and recycled materials	18 advanced driver-assistance systems

(1) with a full tank of petrol according to WLTP data (including the reserve tank). (2) depending on engine and with bench seat in the forward position. (3) the equivalent volume measured according to VDA standard (ISO 3832) is 616 L / 536 dm³ for the petrol version and 440 dm³ for the E-Tech full hybrid version (the VDA standard involves measuring the total volume of the boot using standardised shape and volume objects (200 mm x 100 mm x 50 mm = 1 dm³)). (4) depending on version.

equipment and engines

powerful style

Muscular front grille, streamlined headlight optics, matt grey F1® blade and redesigned Renault emblem. A new sharper design for an ever more inspired style.

Dark chrome emblem, new crystal rear lights, esprit Alpine signature badges on the front wings, and assertive sportiness of the 19" 'elixir' alloy wheels exclusive to this version.

Rediscover Captur's DNA with its timeless two-tone touch and up to 11 possible colour combinations.

on-board experience

Immerse yourself in an eco-chic sporty interior made using recycled and biosourced materials⁽¹⁾. Select your driving style for a personalised driving experience thanks to multi-sense and its 3 modes.

Thanks to wifi smartphone integration, all of your apps, playlists, podcasts and calls are displayed on the multimedia screen. The wireless charger always ensures an optimal level of independence.

The esprit Alpine stands out with its blue top-stitching and a steering wheel adorned with blue/white/red stitching. Each seat back features the Alpine emblem.

openR link multimedia system with Google built-in⁽¹⁾⁽²⁾⁽³⁾

With its new central 10.4" screen and 10.25" digital driver display⁽³⁾, the openR link multimedia system offers intuitive access to the best of Google services: navigation with Google Maps⁽¹⁾, voice assistant with Google Assistant or Google Play⁽⁴⁾ with more than 50 apps available⁽¹⁾.

Closed road, new direction of traffic, roadworks, etc. Always take the best route and let yourself be guided by Google Maps⁽¹⁾.

With Google Assistant, plan your journey, change driving mode or adjust the temperature with a simple voice request⁽¹⁾: "Hey Google..." and off you go.

Over 50 applications⁽¹⁾ with exclusive content are available via Google Play⁽⁴⁾, including Waze, SongPop for Renault, and Amazon Music.

Waze is a community-based navigation app that shares information in real time. Waze boosts your peace of mind.

Drive to the beat with our new musical game – **SongPop for Renault!** Play together and rediscover popular songs with your family and friends!

Take to the road while listening to playlists, and much more, with **Amazon Music**, included with your Amazon Prime subscription.

With **EasyPark**, plan and book millions of parking spaces across Europe. Enter your destination's address or navigate using the map.

Vivaldi browser is an efficient, fast web browser that respects your privacy.

Access all your favourite radio stations live, at any time, in France or abroad, with **Radioplayer**.

(1) depending on country. (2) My Renault, Google Maps and Google Assistant connected services are provided free of charge for 5 years from the date of delivery of your vehicle. (3) depending on version. (4) the use of applications downloaded from Google Play requires a dedicated data package. To use these apps, share your phone's connection with your Renault. Google, Google Maps, Google News, Waze and other marks are trademarks of Google LLC.

compact and generous

The interior space can be adjusted according to your needs thanks to the ingenious 16 cm sliding rear bench seat. This gives passengers knee room of up to 22 cm. You can reduce it to free up more space in the loading area.

The boot of up to 616 L / 536 dm³ ⁽¹⁾ is extremely practical with its modular volume. In the blink of an eye, fold down the rear bench seat and enjoy total loading space of up to 1,596 L⁽²⁾, ideal for transporting long objects.

1) Figure shown is for petrol version. 480L for the hybrid version. The equivalent volume measured according to VDA standard (ISO 3832) is 616 L / 536 dm³ for the petrol version and 440 dm³ for the E-Tech full hybrid version (the VDA standard involves measuring the total volume of the boot using standardised shape and volume objects (200 mm x 100 mm x 50 mm = 1 dm³)). 2) Figure shown is for petrol version. 1458L for the hybrid version. The equivalent volume measured according to VDA standard (ISO 3832) is 1363 dm³ for the petrol version and 1276 dm³ for the E-Tech full hybrid version (the VDA standard involves measuring the total volume of the boot using standardised shape and volume objects (200 mm x 100 mm x 50 mm = 1 dm³)).

06. advanced driver-assistance systems

18 advanced driver-assistance systems

adaptive cruise control
This system keeps a safe following distance with the vehicle in front. It activates the brakes when you get too close, and accelerates when the road is clear again.

rear view camera
This system provides a rear view on the screen when you engage the reverse gear. Superimposed outlines make your manoeuvres easier and safer.

traffic sign recognition with over speed alert
This shows the maximum speed limit and warns you if you are speeding, this will then display a sign on your instrument panel and an audible signal prompts you to slow down.

automatic emergency braking (pedestrian/cyclist)
This system detects pedestrians coming from the front or side and stops the vehicle in the event of danger. Driving in the city has never been so safe, day or night.

driver attention alert
The system warns the driver if they are inattentive or drowsy.

driver-assistance systems

- hill start assist
- safe following distance warning
- cruise control and speed limiter
- adaptive cruise control

park assist systems

- rear parking sensors
- front parking sensors
- side parking sensors
- rear view camera

safety assistance systems

- lane departure warning
- lane keeping assist
- auto/high low beam
- rear detection with lane keeping assist
- automatic emergency braking system (city/suburban/pedestrian/cyclist) with intersection function
- traffic sign recognition and speed alert
- driver attention alert
